In absolute figures, the market increased ten-fold from Euro 0.5 billion in 2003 to over Euro 5 billion in 2005 and 2006, respectively. </p> <p>The milestones of 2005 and 2006 in the market have been represented by the acquisition of mobile operator MobiFon in a \$ 2.5 billion transaction by the UK based Vodafone and the privatisation of BCR ("Banca Comercial? Roman? SA"), Romania's largest commercial bank, in a Euro 3.75 billion transaction awarded to the Austrian Erste Bank, each funnelling more than half of the funds that entered the market in 2005 and 2006, respectively. </p> <p>The number of transactions also increased in as much as threefold during 2005 as compared to 2004, whilst 2006 brought a further 25% increase in the volume of transactions in comparison with the same year 2005. Out of these, more than 70% of the deals concluded in the M&A market in 2006 represent private sector acquisitions, pointing towards the direction in which the M&A business is expected to develop within the following years. </p>
