## Energy

In this issue:

1. Entering into force of Law No. 122/2015 approving Measures in the Field of Power Generated from Renewable Energy Sources

## Entering into force of Law No. 122/2015 approving Measures in the Field of Power Generated from Renewable Energy Sources

---

In a previous legal bulleting sent on 8 May 2015, we informed you that the Chamber of Deputies adopted a law introducing important amendments to the principles governing the field of power generated from renewable energy sources (the “New Law”). At that time, the New Law was to be submitted to the President for promulgation purposes and, immediately after, it was to be published in the Official Gazette of Romania.

Please note that the New Law was published in the Official Gazette of Romania of 3 June 2015 under No. 122/2015 and it will enter into force within 3 days from its publication, *i.e.* on 6 June 2015.

For a summary of the main principles approved by the new law, please consult our legal bulleting of 8 May 2015.

## Editors

Țuca Zbârcea & Asociații's Energy Practice Group provides the full range of legal services to major electric power producers, renewable and alternative energy companies. Our lawyers advise on the regulatory components of M&A and other transactional work arising from the energy sector, including restructuring/de-regulation arising out of the wholesale and retail electricity/power market, as well as development of energy projects (such as electric, nuclear and hydro-electric plants, etc). The team also covers financing, development and regulatory issues surrounding wind generation, solar, biomass energy generation and co-operates closely with the firm's Real Estate, Finance, Environment, and Corporate practice groups in relation to multi-billion large-scale investment projects.
